We manufacture all types of commercial furniture. Vast experience in commercial projects means that we thoroughly understand the rigours to which commercial furniture is exposed

Whether you work with us directly or we work with your designers or architects, our goal is to provide beautiful, high quality pieces that make your commercial venue stylish and unique. Specialising in custom made solutions to fit unusual shaped walls or specific areas we also manufacture the following:

- Dining tables & chairs
- Banquet seating
- Bars
- Buffets

- Lounges
- Coffee, hall & lamp tables
- Fixtures
- Decorative wall panelling

Let Nickisms simply your project.

Large commercial projects are complicated enough without having to deal with many contractors for furniture and fixtures. At Nickisms we have our own contractors with whom we work. Stainless steel/aluminium, timber, 2 pack polyurethane finished, upholstery or even building services can all be coordinated through Nickisms.

Venues and recent projects.

Our experience in commercial projects means that we have an inherent understanding of what is required for each individual commercial application. From cinemas to hotels, from nightclubs to bank headquarters we have the experience and quality craftsmanship to make your dream reality. Some of the recent commercial projects we have been involved with are:

Where did the Mambots go?
