

### About Nickisms.....

Nickisms is a Australian owned furniture design and manufacturing business. We produce all types of furniture, joinery, architectural fixtures for the home or commercial application. From the bedroom to the patio we design and make everything you could desire to make your home your castle or your commercial venue stylish and sleek. Based in Braeside (about 40mins south east of Melbourne's CBD) our manufacturing plant is equipped to cater for both mass production and individual designed piece.

#### **Passionate craftsmanship and quality assurance**

Our craftspeople are passionate about their work, and this is instrumental in producing a timeless piece of furniture built to stand the test of time.

Our quality standards are relentless and only the very best raw materials in making our products. We pride ourselves in what we do and it shows in what we produce.
